

Jones-Onslow EMC Powerline Technician Scholarship

This scholarship sponsors two qualified applicants to attend the 16-week Powerline Technician Program at Coastal Carolina Community College. The scholarship will cover the cost of tuition, books, boots, gloves, and safety glasses. Two scholarships will be given during each program session; one will be reserved for a veteran and the other for a recent high school graduate. All applicants must read the program description to ensure they meet all qualifications. Upon applying, all information is reviewed, and qualified applicants will be contacted for an interview.

Additional Information

If you do not receive this scholarship, do you still plan to pursue a lineman's certificate?

Yes No

Please explain why you are applying for this scholarship opportunity to the Coastal Carolina Community College Powerline Technician Program.

I have read all of the information pertaining to the requirements of acceptance to the Powerline Technician Program. I attest that I meet all of the physical requirements and that I am willing to provide any requested information if I am called for an interview. I further understand that if selected as a recipient of the Powerline Technician Scholarship by Jones-Onslow EMC, it is neither an offer nor a promise of employment.

Jones-Onslow EMC Powerline Technician Scholarship

Requirements

Must have a high school diploma or equivalent.

Must have the physical ability to perform the essential functions, duties, and responsibilities of the job, such as the ability to frequently lift and move up to 50 pounds and occasionally lift and move up to 100 pounds, climbing, kneeling, reaching, stooping, crawling, pushing and working in awkward positions and enclosed spaces. Must be able to perform the job's outside duties during extreme adverse weather conditions such as temperatures above 90 and below 32 degrees, rain, sleet, snow, and high humidity.

Must be a former military service member or a recent high school graduate in the Jones-Onslow EMC service area.

Must have own transportation to and from Coastal Carolina Community College.

Purpose

To provide interested individuals with the ability to gain the experience and training necessary for a successful career as an electric line worker.

Details

Jones-Onslow EMC will sponsor two students who meet the above criteria and have completed a successful interview for one session annually. The scholarship will cover the cost of tuition, books, boots and safety glasses. The student is responsible for transportation to and from Coastal Carolina Community College.

The 14-week program is designed to provide students with the basic skills needed to launch a career with electrical utilities and/or contractors in the area of underground and overhead line work. Safety will be emphasized throughout the course. In addition, students will be able to earn certifications in First Aid/CPR, OSHA 10, flagger certification, competent Person in Trenching and Excavation, and a Class A Commercial Driver's License (CDL). This course is registered for Pre-Apprenticeship by the NC Department of Commerce.
