

APPLICATION TO INTERCONNECT DISTRIBUTED RESOURCES 25 KW OR LESS

Customer hereby gives notice of intent to operate an interconnected generating facility pursuant to the "Standard for Interconnecting Distributed Resource 25 kW or less with Jones-Onslow Electric Membership Corporation ("Interconnection Standard"). Permission to interconnect is not granted until an Interconnection Service Agreement has been completed between JOEMC and the Customer.

Section 1. Contact Information

Customer (Name): E-Mail Address:
US Mail Address: City: State: _____ Zip Code: _____
Daytime Phone Number: Alternate Phone/Cell Number

Installer (Name): Date: _____ Phone Number:
US Mail Address: City: State: _____ Zip code: _____
Company: Electrical/Contractor license number(s)

Electrical Inspector (Name): County: Phone:

Section 2. Distributed Resource and Facility Information

Facility Location (if different from above):

JOEMC Account Number:

Customer Type: Residential , Commercial , Other _____

Is there an exiting interconnected distributed resource at this facility? Yes , No

Total proposed aggregate distributed resource output rating at this site (kW): _____

Distributed Resource/Inverter	# 1	# 2	# 3
Energy Source/Type			
Manufacturer Name			
Model Name & # (Specific)			
Nameplate Rating (kW AC)			
Nominal Voltage (Volts AC)			

(Note: If more than 3 Distributed Resources/Inverters will be used, complete a separate attachment with the information above)

If a customer owned transformer will be used, specify manufacturer, type, ratings and winding connection (wye-wye, delta, etc.):

(Attach Transformer Manufacturer Specifications)

Section 3. Installation Information

Proposed Installation Date: Proposed Interconnection Date:

Section 4. Manufacturer Information

Attach manufacturers technical and descriptive information

Section 5. Certification

The interconnection protection system is tested and listed for compliance with the latest published edition of Underwriters Laboratories (UL) 1741 including the anti-islanding test. The system (is/will) be installed in compliance with IEEE 929 and or IEEE 1547 as applicable, all manufacturer specifications, the National Electric Code and all local codes. No protection settings affecting anti-islanding have been or will be adjusted or modified.

I hereby certify that, to the best of my knowledge, all the information provided in this Application is true and correct and the distributed resource will comply with the Interconnection Standard stated above.

Signature of Customer

Date:

Note: Attach application fee and 1-line (electrical drawing of installation) with application.

Submit Application to: (JOEMC Representative)
